

CHARLES LUIS

JAVA WEB DEVELOPER

📍Puducherry | ✉️ c.charles8547@gmail.com

SUMMARY

A Java full-stack web developer, with hands-on experience in building dynamic, secure and scalable web applications using Java Servlets and Spring Boot. Skilled in developing RESTful APIs and integrating MySQL database for full stack solutions. Proficient in frontend technologies like HTML, CSS, JavaScript and modern frameworks like React and Tailwind CSS. Eager to contribute to high-performing teams and deliver clean, maintainable code in agile environments.
